Loewen

“Cause he’s the f***ing man.”

“His coaching not only for the Reserves team, but during the entire season, as well as the tag league was exemplary. Sacrificing his hair should be rewarded as well.”

“This year he really helped me at practice and put a lot of time and effort into growing our skills.”

“Andrew has jumped right in and immersed and engrained himself in the Sacramento Suns Club culture since he moved to Sacramento. He has also given his time and effort above and beyond the call of duty. This year he served on the Board and as the Men’s Assistant Coach.

“Drew was a leader and played a large role in preparing this club for all of its successes this year. He managed practice and training sessions, assisted rookies myself in working on skills, and stepped to serve as needed throughout the first year.”

“Always has a good attitude, being a deal with the team equipment and

The 2023 SAFC Lifetime Member Award

“For the blood, sweat, and tears he has put into the club over the past several years

“Faku has given his heart and soul for this club, especially in the last few years. During a challenging period in 2021 with many clubs struggling to retain numbers, the Suns grew under his leadership as coach. For 3 seasons the Suns numbers have continued to grow and players have developed exceedingly quickly which is attributed to the time and effort Faku has put into planning training sessions, mentoring players and creating a team environment where guys want to be around, resulting in the Suns maiden D2 cup and largest traveling group across the country.”

“Built up the culture of the men’s program and brought home a D2 trophy. Flags fly forever and he’s the reason for this one.”
